

Mental Health Awareness Month

Dear 'Upstander',

Our team at the [Tyler Clementi Foundation](#) are committed to being a voice to all, promoting techniques to reduce mental health challenges caused by bullying behaviors.

With your [support](#), we can raise awareness, provide resources, stamp out stigmas, one step at a time.

Our programs continue to inspire, connect and uplift people through means of awareness training and prevention. And so, we ask you to join us in ensuring Upstanders are present in all spaces - especially schools, workplaces, and faith communities.

Donating to our [Upstander Campaign](#) is one way to ensure that kind-hearted youth like Tyler do not face the **harmful effects of bullying**.

There is only one week left to support our campaign, so please consider helping us reach our goal!

Make a Difference Today:

- [Create a personal fundraising page](#) to share with those in your network!
- [Donate](#) in support of the foundation and in memory of Tyler Clementi.
- **Be a Champion:** Create a team to increase participation. All gifts in volume, no matter the size, allow us to impact the lives of those vulnerable.
- **Double your impact!** If you or those you know get gifts matched by an employer, notify development@tylerclementi.org and we will credit the match to your profile.

With all my gratitude

Jane Clementi

CoFounder & CEO of Tyler Clementi Foundation
